Dear Gottlieb:

I am enclosing the letter you asked me for. Please make a copy for yourself, and return it to me right away. Send a copy to Greene also, as he asked for it.

I have written Greene twice and asked him for his lineup. Will you please send it to me right away, special. I won't have it in time for Monday's game otherwise.

I have thought up a plan for August 1st. What do you think of it? We could make four good teams out of the five we have, and send one to the Buschwicks, one to Hartford Conn. and the other two to Baltimore. The park in Hartford is available, and the man would like to have one of us. We are tentatively booked at Philly the 31st, so it would be better to send us on to Baltimore. Then too we are planning to go to Hartford some week day. The fare to Hartford is \$8.00 return, and you have to change trains at New Haven. What sort of proposition should we ask the man for?

Be sure and send this letter back to me right away, and please rush the Elites lineup to me. Oh! the reason I did not call you on time yesterday, Day got hurt, and I had to rush him to the doctor. He had five stitches taken in his face over the eye. A ball bounced off the bat. I thought he was badly injured at the time, but I do not think it is serious now. He has been in Beth Israel Hospital ever since, and they will keep him until tomorrow for observation. They tell me the team went all to pieces after he got hurt, and we were beaten 13-6. We should have won the first game. It was a good game though. We gave The Grays \$1036.10 How was the crowd in New York?

Very Truly Yours
